R. L. Polk & Co., a highly qualified national contest judging organization, has been given the assignment of selecting all winners in this Chevrolet "Miracle Mile" Contest. When you enter, therefore, you will know your entry will be carefully read and analyzed—and that it will be evaluated according to the highest established standards of contest judging.

HELPFUL SUGGESTIONS

Sincerity counts most in the judging, so put your thoughts in your own words. Professional judges say that sincerity is readily recognized, so express yourself in your own way.

. . .

You may wish to own a new 1955 Chevrolet because of your personal experience in owning a Chevrolet or because of interesting information provided by a friend who owns one. Personal experiences could provide the basis for a winning entry.

What are your principal interests—what uses do you make of a car—what features of a car are most desirable to you, personally? Answering these questions—with the 1955 Chevrolet features fresh in your mind—could provide the basic ingredients for a winning entry.

. . .

Perhaps there is one particular Chevrolet model that appeals most strongly to you. Why do you like it? Why is it just what you'd like to own? Put your own personal reasons in writing and see if you could have a winner.

SAMPLE ENTRIES

These may give you an idea of the type of entry that has appeal to contest judges. Any one of these might have been a winner. We know you can do as well.

. . .

The "150" Handyman is my ticket. It does the job I want and gives me pleasure too when I take the whole family.

. . .

If Chevrolet's new V8 performs even better than the many Chevrolet 6's I've had in the past, it'll be the best on the road.

I need a car that gives me low-cost driving and style at the same time. The answer: Chevrolet with the six-cylinder engine.

I've driven the car and I'm just amazed at its new ride and new feel. It acts and handles like an expensive car. It's great.

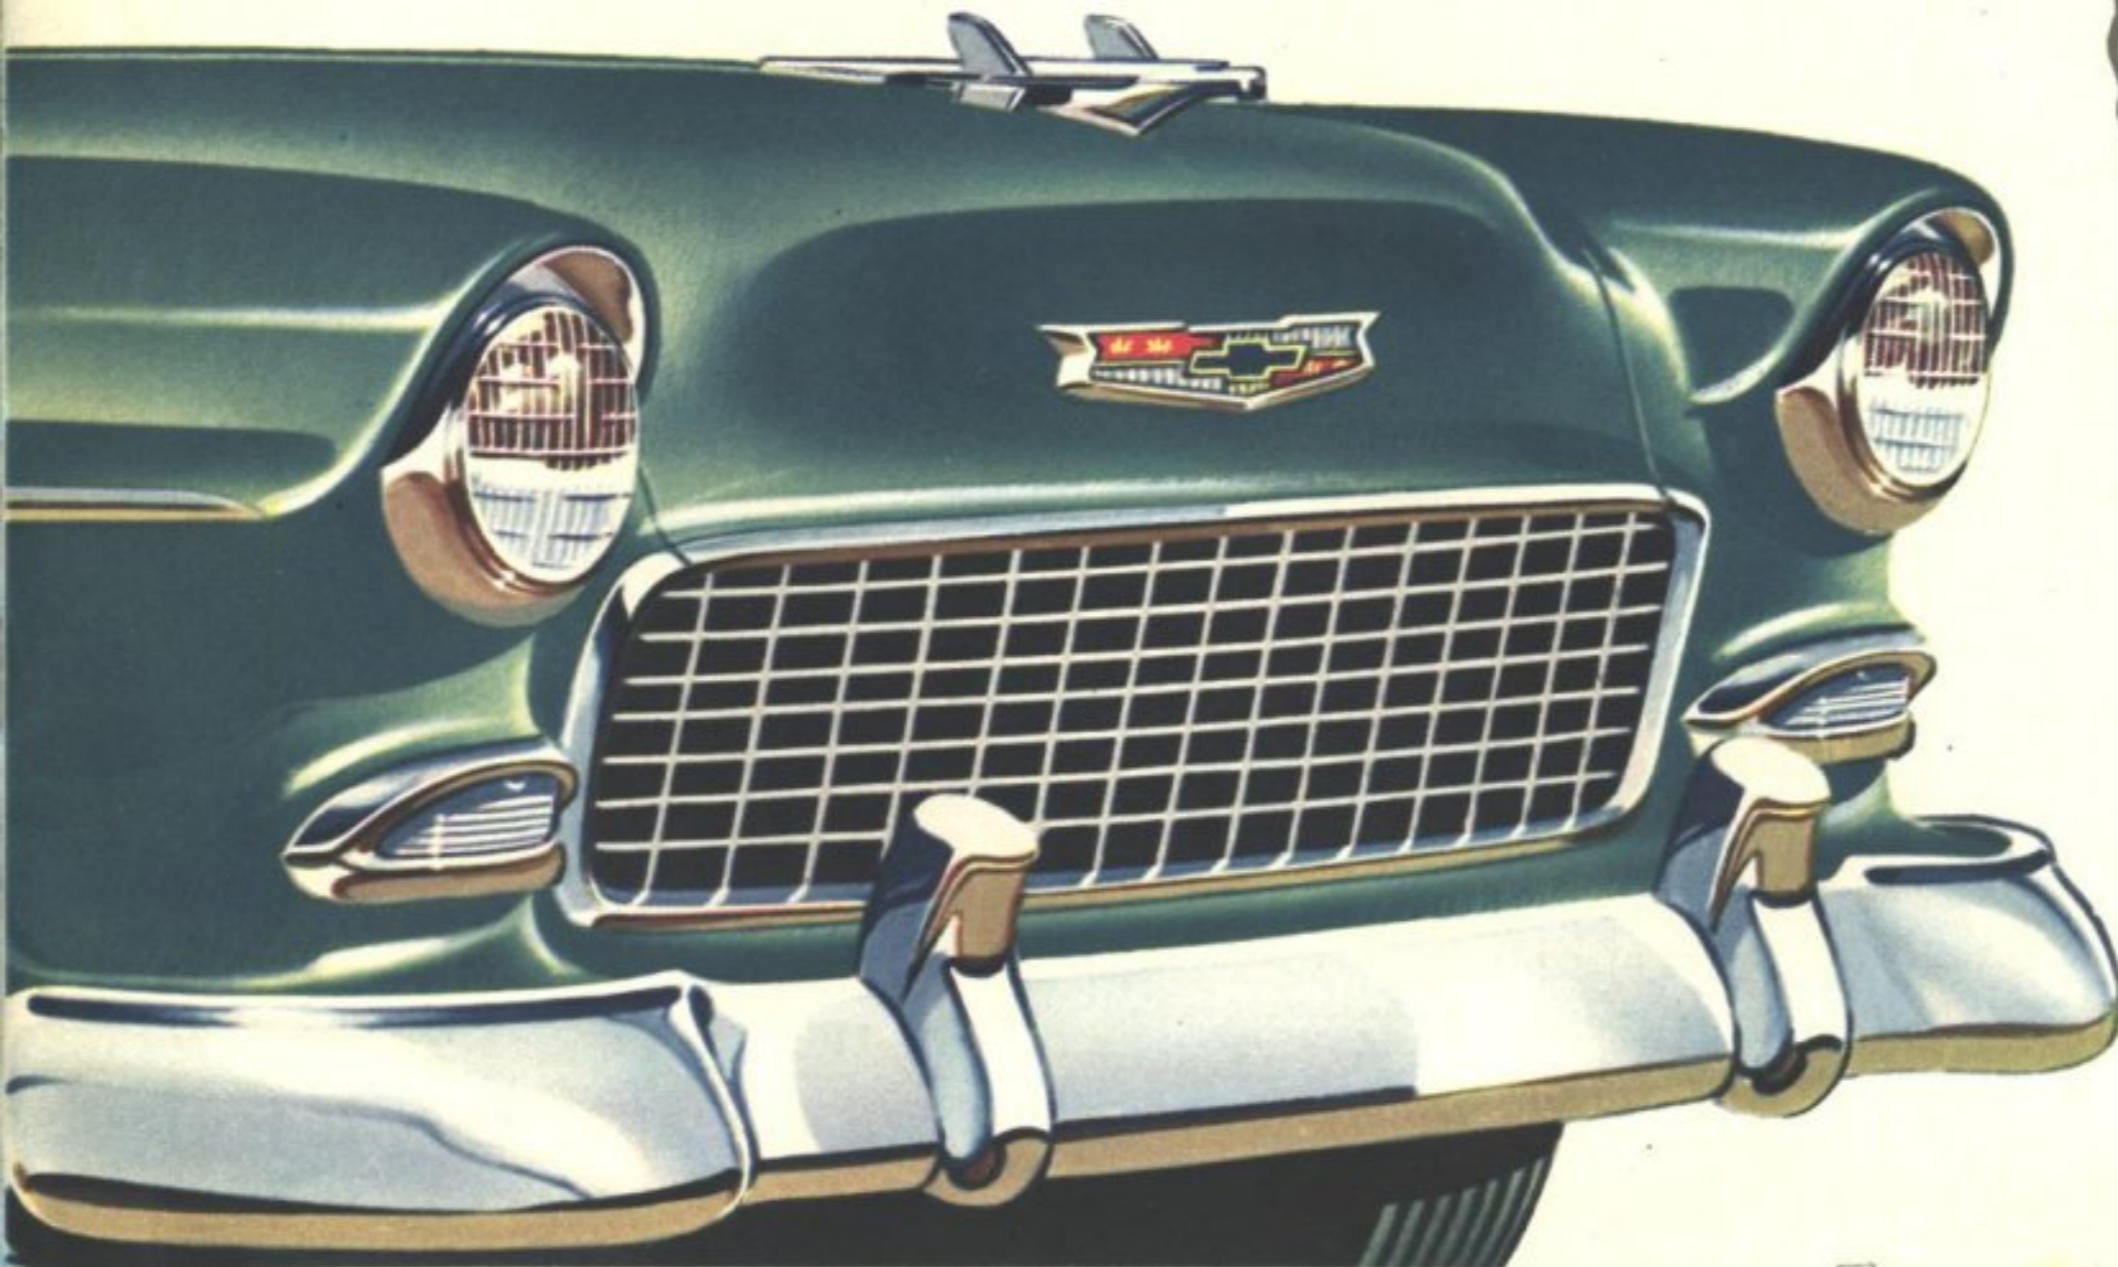

The choice of power teams impresses me most. It's the biggest and best Chevrolet ever had. V8 with Powerglide is a winner.

That new Delray Club Coupe is the car for me. With three children, those all-vinyl interiors will come in mighty handy.
